

# Wedding Photography

*Impiana is a group of just 11 villas with a main reception, restaurant, library, cigar lounge and lawn. So it's very private, intimate and exclusive – the perfect setting for a wedding! The large lawn with lily pond overlooks the ocean and catches the sunset so the views are amazing during the wedding ceremony.*

*We are very lucky to have an agreement with Mom Tris Villa Royale allowing us to have cocktail hour in their garden. You walk down a path next to Impiana (just 2 minutes) and you are there. This is a very luxurious and beautiful resort and if your guests are having cocktail hour there you can use the grounds for photos.*

*Cocktail and canapés are very reasonably priced at 600-800 baht per person per hour (depending on selection) and we can bring in entertainment such as a wedding singer, guitarist, Thai dancers or even a baby elephant! During cocktail hour the lawn at Impiana can be transformed into the reception area.*

*It's really impressive to your guests to experience both amazing venues without having to travel anywhere.*

*The ceremony package at Impiana is excellent value and has a few items unique to this resort such as a live pianist who will learn song requests if he doesn't already know them.*

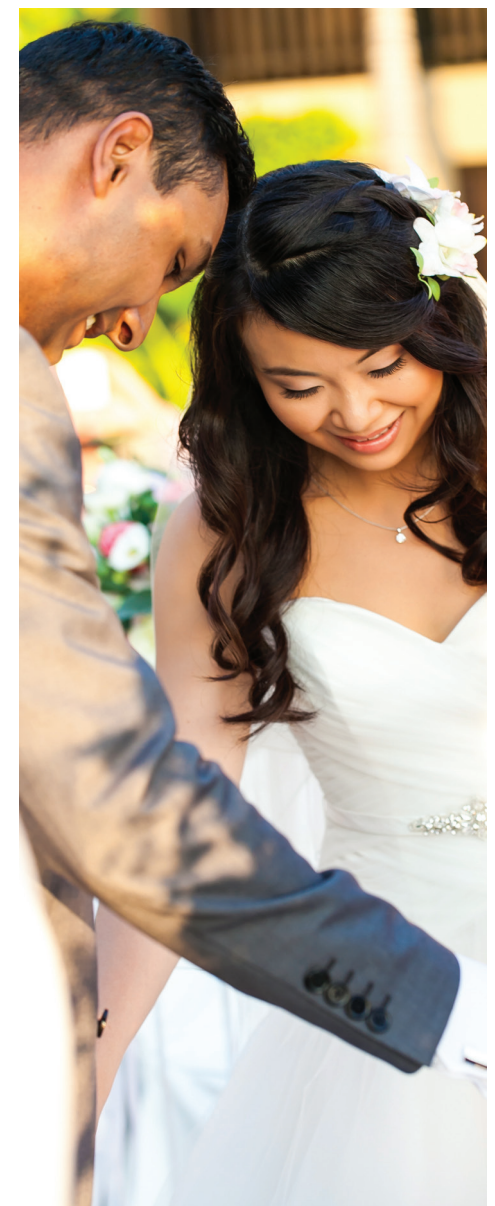

*'Beaches and resorts around the Kota Karon areas are very busy especially in high season. Impiana is amazing because it is so secluded and private but you are right on the door step to the shopping, restaurants and tourist attractions. c Also in the local area there is a range of accommodation options for your guests.*

*If you want the option of continuing your celebrations past midnight you can rent all 11 villas and have the venue exclusively. Discounted rate applies when booking all villas.*
